## Association of Global Science Innovations (AGSI)

*under the aegis of Society of J M Regd: 611/1999*

### **Awards**

#### **Best Research Paper Award**

Screening committee selects in the submitted manuscripts, if any paper deserves and screening committee approve the research paper, then society provides the certificate of The Best Research Paper Award to concerned scientist/author.

#### **Young Scientist award**

The Young Scientist Award program was created by society's commitment to global science innovations. Association has created the competition in conjunction with plant science, animal science, health science, biotechnology, engineering, allied-sciences, social sciences, management disciplines at various universities in order to promote research and talent development. Scientist from plant science, animal science, health science, biotechnology, engineering, allied-sciences, social sciences, management disciplines or any other related disciplines mentioned above can submit their C.V. for the young Scientist award. Young scientist must have the age below 35 years, and he/she will submit their C.V. and all the credentials to the Association. After receiving, it will pass through the screening committee in first phase, and in final phase it will pass through Young Scientist Award committee

#### **Best Scientist award**

The Best Scientist Award program was created by Association's commitment to global science innovations. Scientists belonging to plant science, animal science, health science, biotechnology, engineering, allied-sciences, social sciences, management disciplines or any other related disciplines mentioned above can submit their C.V. for the Best Scientist award. Best scientist must have the age above 35 years and below 50 years. He/she will submit their C.V. with all the credentials to the Association. After receiving, it will pass through the screening committee in first phase, and in final phase it will pass through Best Scientist Award committee.

#### **Life Time Achievement award**

The Association of Global Science Innovations has established the Lifetime Achievement Award to recognize those who have achieved academic excellence in their field of study/ Research and to honor those who have made significant contributions to the field of plant science, animal science, health science, biotechnology, engineering, allied-sciences, social sciences, management disciplines or any other related disciplines and/or in the development of novel technologies that have advanced in science, innovation and technology. Nominee must have made a significant contribution to the development and/or understanding of in the field of plant science, animal science, health science, biotechnology, engineering, allied-sciences, social sciences, management disciplines or any other related disciplines that historically has and will continue to distinguish their scientific work. Nominating letter must include: supporting letters from members of the scientific community who qualify the importance of the nominee's contribution.
